

15 January 1959

MEMO for Record:

Attached briefing draft passed to DCI by General Twining for comment on 14 January. Attached specific suggestions drafted by me and o.k.ed by Kent and DCI 15 January, DCI adding pencilled comment. Taken by me to General Breitweiser afternoon of 15th. He accepted accuracy of all changes except those marked with *. First of these he agreed accurate, but said they had merely gone into table in back of estimate and used that. Second of these he said he'd check.

He then said he would

- (a) pass along to General Twining's speech writer;
- (b) send us a copy of the text as finally prepared for presentation by General Twining.
